There is no better way to enhance your study experience than by spending time at another university abroad. Here at Monash University Malaysia we encourage you to spend a semester at Monash University in Australia or at one of our partner universities in America, the United Kingdom, Europe, Asia or New Zealand. You will have a wonderful global experience, add value to your CV, and gain credit towards your Monash degree.

I have direct experience of the benefits this experience can bring. During my career I have worked with many students who have taken up the opportunity for study abroad. In fact, in 2016 my own daughter spent a year studying in Sweden. I can guarantee that an international study experience will give you new skills, new horizons and new aspirations. At times you will be moving out of your comfort zone and dealing with quite different perspectives. But don’t let that discourage you, because those more challenging times are exactly when the best cross-cultural learning occurs.

As a sign of our commitment to students’ global engagement, we are offering the Monash Abroad Travel Scholarship of RM 8,000 to students participating in international exchange to our partner universities. As an exchange student, you will pay your regular fee to Monash University Malaysia; no additional fees are paid to the host university.

Let’s make international exchange a distinctive feature of the Monash University Malaysia student experience! Kuala Lumpur is a global hub for business, education and tourism. I am committed to embedding that cosmopolitan spirit in our world class education programs.

Monash University is one of the world’s most international universities. As you pursue your degree here, don’t forget to take up one of our global opportunities. I’m very confident that you won’t regret it.

PROFESSOR ANDREW WALKER
President & Pro Vice- Chancellor
Why study abroad?
At Monash, the world is your classroom. As a global leader in education, we want you to become truly global citizens. The experience and exposure you benefit from studying abroad will give you a competitive edge. It is an excellent opportunity to nurture personal growth and intellectual development as well as gain a deeper appreciation for global traditions, customs and values.

We offer many opportunities to discover the world abroad. Choose from an intercampus exchange to one of our campuses in Melbourne, a semester at our Monash Prato Centre in Italy or to one of our partner universities in the Asian, European or American region.

The Monash Warwick Alliance developed in 2012 offers a truly transnational experience to our students, academics and professional staff and this includes student exchange programs between Monash and Warwick.

No matter where you go, you will be guaranteed a memorable exchange that will remain with you. It will be a trip that goes beyond the classroom, theory books and loading screens. It will be a rewarding global experience of a lifetime!

**HOW STUDYING ABROAD CAN GIVE YOU AN EDGE**

**EXPOSURE**
Experience the hidden and untold norms that can only be revealed when experiencing a country at its own pace, as opposed to traveling as a tourist. You will broaden your worldview by immersing yourself in different cultures and ways of doing things.

**PERSONAL GROWTH**
Go as an outsider and return having not just survived, but thrived in the unfamiliar. You will realise that you are more capable than you think. Build your self-confidence, be more adaptable and independent.

**EMPLOYABILITY**
You will develop skills in effective communication, collaboration and time management – all valuable life skills that employers seek. It is not only about fun, it is about life!

**MONASH ABROAD – DISCOVER THE WORLD**

- International Exchange to more than 100 partner universities across the globe
- Intercampus Exchange to Monash Australia
- Semester in Prato
- Faculty Overseas Programs
Australia
As a Monash student, you are part of a global university with campuses in Australia and this makes studying overseas easy! Apply for intercampus exchange at our Monash campuses in Australia, each having their own unique charm, to experience the exciting ‘land down under’.

**MONASH UNIVERSITY AUSTRALIA**

When planning your intercampus exchange, you would need to familiarise yourself with the areas of study. The Monash handbook is an important reference when selecting the units of your choice. You can enrol in almost any of the units offered while on intercampus exchange in Australia provided you have met the required unit prerequisites.

[monash.edu/pubs/2019handbooks](monash.edu/pubs/2019handbooks)

**Experience the city**

Melbourne, home to five of Monash campuses, has been consistently named one of the world’s most liveable cities and has also been commended in the first ever QS Best Student Cities survey as Australia’s best city for students.

A good place to start when planning your weekend adventures in Melbourne is Visit Victoria. Here you will find info about places to eat, things to do and events you can attend. There are lots going on in the city all the time, so make sure you check back regularly.

That’s Melbourne (run by the City of Melbourne council) has a festival calendar to help you plan your event attendance, and if you are into nightlife, fashion and the arts (as well as knowing where to get a good coffee) you should take a look at Broadsheet.
Canada

The following pages are examples of our partner universities in Canada. For the complete list of exchange partners, please refer to page 33.
CARLETON UNIVERSITY

Carleton, Canada’s Capital University, is bordered by the sparkling Rideau River and Canal with an extensive tunnel system that links all buildings on campus, making it one of the most accessible universities in the country.

Carleton’s proximity to government institutions, libraries, media and a thriving knowledge economy makes Carleton a great place to learn and live. Students, staff, faculty and visitors to Carleton can take advantage of what Ottawa has to offer all year: the arts, the outdoors, professional sports, and a vibrant nightlife.

Experience the city

Carleton University is close to Canada’s majestic Parliament Buildings, the bustling Byward Market, and the beautiful Gatineau Park. From the internationally-renowned National Gallery of Canada, and the National Arts Centre, to the NHL’s Ottawa Senators, the Canadian Museum of Civilisation and the restaurants, shops and cafes of the city’s dynamic downtown core, Ottawa has something for everyone, year ‘round, and accessible via Ottawa’s comprehensive public transit system.
SIMON FRASER UNIVERSITY

Simon Fraser University (SFU) is a comprehensive university with vibrant campuses in British Columbia’s largest municipalities — Vancouver, Burnaby and Surrey — and deep roots in partner communities throughout the province and around the world.

Noted Canadian architects Arthur Erickson and Geoffrey Massey designed the original Burnaby Mountain campus to foster interdisciplinary contact between students and researchers. Today, SFU supports three distinctive campuses, 35,000 students, 6,500 faculty and staff and 130,000 alumni, and has matured into one of the world’s leading teaching and research universities.

Experience the city

Vancouver is a coastal seaport located in the south of mainland British Columbia. One of the main attractions in Vancouver includes the Capilano Suspension Bridge, stretching 140 metres across a canyon, 70 metres above the Capilano River and surrounding lush rainforest. Stanley Park, Vancouver’s first and largest park with forest trails, beaches and the Vancouver aquarium are also not to be missed.

Other attractions include the Skyride gondola to Grouse Mountain’s peak and a trip to the alpine village of Whistler. You may also embark on an exciting whale-watching adventure on Canada’s southwest coast.
The following page is an example of our partner university in Denmark. For the complete list of exchange partners, please refer to page 33.
COPENHAGEN BUSINESS SCHOOL

Copenhagen Business School (CBS) was established in 1917. It is one of the largest business schools in Europe with more than 20,000 students and offers world-class research-based degree programs. CBS also develops and shares knowledge in partnership with other universities, enterprises and organisations as well as contributes to the development of business and society.

CBS is primarily located in four modern buildings in Frederiksberg, close to the heart of Copenhagen. The main complexes, Solbjerg Plads and Kilen (the Wedge), reflect the characteristics of the Scandinavian style.

Experience the city

Bordeaux city is two hours from Paris, two and a half from Spain and 40 minutes from the beaches of the Atlantic. The historic part of the city is listed as a UNESCO world heritage site. Its ocean, vineyards and mountains make it a very attractive region. Bordeaux is famous for its wine production, where Bordeaux wine has been produced since the eighth century.

Discover the city of Marseille from the sea, where a boat trip to the islands of Frioul will present you with a splendid panoramic view of the capital of the Mediterranean.
Italy
The Monash University Prato Centre is located at Palazzo Vaj in the heart of Prato’s historical centre, and is a site for international academic programs and research collaborations. Over 15,000 students, staff and visitors from around the world have come to Monash Prato since its establishment in 2001 to attend courses, conferences or events.

**Study here**

**Arts Semester: 2019 Block Offerings**

The Arts Semester in the Prato program is flexible, immersive and enriching. You will have the opportunity to live and study in Europe for up to 12 weeks and earn up to 24 credit points. The program runs from September to December and is divided into three blocks. You can study in Prato for one, two, or three blocks. Each block is four weeks long and offers units from various areas of study.

You can study six or 12 points per block, but a maximum of 24 points across all three blocks (12 weeks). You do not have to take units from all three blocks and can tailor your time in Prato to suit your needs. You may consider studying only in Block 3 (after Semester 2 exams) if you want to remain in Malaysia for Semester 2.

The program details, unit offering and application process can be found at [future.arts.monash.edu/learning-abroad/semester-in-prato/](https://future.arts.monash.edu/learning-abroad/semester-in-prato/)

**Experience the city**

Prato is a beautiful and historic Italian city, surrounded by medieval walls and set in the picturesque Tuscan landscape. Prato is also within easy reach of other cities such as Florence, Venice and Rome, which makes it a perfect base for exploring Italy and beyond. Prato is a great base for European study and tours.

You could be eating gelato at an outdoor music event with a medieval castle in the backdrop or wandering beyond the city walls to browse the village markets!
The following page is an example of our partner university in Netherlands. For the complete list of exchange partners, please refer to page 33.
Study here

The Faculty of Economics and Business has many of its courses open for exchange students. It offers courses on master’s and second and third year bachelor’s levels. Additionally, all exchange students can enroll in Dutch Studies courses at the Faculty of Arts. At their own expense, students can also take language courses at the Language Centre. The University is known for its large international community. More than 4,000 international students from over 120 countries study in Groningen annually.

For more detailed information on course modules, visit rug.nl/feb/education/exchange/courseinformation/

Experience the city

Chosen as one of the happiest cities in Europe, Groningen enjoys a bustling reputation and what will probably strike you most when entering the city is its youthful population. Roughly a quarter of the Groningen's 200,000 inhabitants consists of students. You will find them everywhere: studying in the park, riding a bike, or having a drink with fellow students in one of the many pubs. The city of Groningen is your campus.

The city scores high on greening, trust in fellow inhabitants, health care, public spacing and of course, education. Besides that, Groningers are very satisfied with the air quality, sport facilities, cultural facilities, safety and the city council. Around 97% of the people in Groningen are happy to live in Groningen!
United Kingdom

The following pages are examples of our partner universities in the United Kingdom. For the complete list of exchange partners, please refer to page 33.
UNIVERSITY OF WARWICK

The University of Warwick is one of UK’s leading universities, with an acknowledged reputation for excellence in research and teaching, for innovation and for links with business and industry. Warwick has consistently maintained its position in the top 10 of UK university league tables, offering courses with high academic content that are stimulating and challenging.

Warwick is a global community and offers intercultural learning in a cosmopolitan environment for all students through a globally-oriented curriculum and intercultural activities such as student mobility and international volunteering. All students who graduate are equipped with knowledge, attitude and skills that allow them to operate effectively in a globalised world.

Experience the city

The University of Warwick is located in Coventry, a city that is modern and cosmopolitan but with a rich history. Much of the city had to be rebuilt after the Blitz in World War II but areas of the old city remain, so old and new now sit side-by-side. This means that you will find major high street shops, restaurants, nightclubs and bars within a five minute walk of medieval monuments such as St Mary’s Guildhall.

The elegant 18th century town of Royal Leamington Spa is within easy reach by public transport, and if you are looking to really drink in history and heritage, nearby Kenilworth, Warwick and Stratford-upon-Avon certainly fit the bill. London is just an hour by direct train from Coventry and Birmingham is a 20-minute train journey, so exploring beyond this city is easy. Coventry has now been awarded UK City of Culture 2021. What an exciting place to be!

For more detailed information on course modules, visit warwick.ac.uk/study/studyabroad/inbound/modules/departments/
"I am ever grateful for my parents' encouragement to go on this exchange. I made many friends from countries like Belgium, Germany, Indonesia, Taiwan, UK and the US. Given the privilege to travel, I ventured into many regions including Wales, Scotland, Ireland, Belgium, Germany, France and Iceland."

KATHERINE (KHAW) ZE YUN
Exchange student to University of Warwick

"My exchange has certainly made an impact on my life as I've learned to be more independent, to come out of my comfort zone, to socialize with different people from different cultures and to be appreciative of the many blessings I have. I truly recommend future students to consider going on exchange through Monash Abroad; with the right mind-set, you will have the best time of your life!"

ENG WEN KYE
Exchange student to University of Warwick

“My exchange allowed me to gain a broader understanding of the world and enhanced my knowledge on the different cultures that make up the world that we live in. I hope more students will get the opportunity to study abroad and cherish it.”

What our students say

"Going on my exchange was one of the best decisions I have ever made. It opened my world so much and instilled in me so many values that I never would have learnt otherwise. I have travelled to so many places in New Zealand and each scenery was breathtaking. I will never regret taking this opportunity and I am proud to say that I have conquered the fear of going abroad, living independently and skydiving!"

★ SZE SHEAN LOOI
Exchange student to University of Auckland and Monash Australia

"My experience overseas taught me a lot and widened my perspective. By living abroad, far from your comfort zone and your parents, you will learn to make quick decisions and be independent and self-reliant. How you manage your time is also important. If you have the chance to go on an exchange, you should take it!"

★ FERDY JULIUS PERRY PHE (far left)
Exchange student to Monash Australia and Technical University of Denmark

“This experience has not only challenged my outlook, but broadened it too. I was homesick and suffered from culture shock but I learnt to overcome it. Being surrounded by many other international students, I’ve also become more adept at cross-cultural communication. I thank both Monash Abroad and Fudan from the bottom of my heart for this precious opportunity.“

THIEN KAH FOH (back row, second from right)
Exchange student to Fudan University
“My experience at Groningen was beyond amazing. I met many of my closest friends who were from Italy, Switzerland, Taiwan and other countries. I’ve travelled to different states in the Netherlands, UK, Germany, Austria and Dublin with my fellow exchange students and it was not about traveling to as many countries as I could, but rather the meaningful bonds that I was able to build.”

TIONG CHER MINN (front right)
Exchange student to University of Groningen

“As a young leader, having my ideas tested and challenged at one of the world’s most prestigious universities was an invaluable learning experience. If I had the chance to do it all again, even if I had to go through the fear and anxiety of leaving my home once more, I will take it anytime.”

ENRICO LOWIRA
Exchange student to King’s College London

"Studying abroad is like a dream come true. I got to see the world, travel and meet people who shared different disciplines and beliefs. Not only did the experience boost my self-confidence, it also reminded me of the importance of stepping out of my comfort zone. I’m so grateful to Monash for giving me this opportunity."

* CHEW SAU JUN
Exchange student to University of Auckland and Butler University
"I had so much fun when I was in the UK. I am so glad to have met many fun, kind, and thoughtful new friends; traveled to amazing places; learned in a different ambiance; and last but not least, actually applied for the exchange program in the first place. Life surely begins at the end of your comfort zone, so go on exchange and travel the world."

MARIA SARITA WINDYASTUTI  
Exchange student to University of Leeds

"If you're looking for the best year in your life, go study abroad. If you're always seeking for new adventures like me, this is the perfect opportunity to do so. You'll meet so many people from all around the world with different life experiences and you might even make lifelong friends. There will be many memories created along the way and stories to tell your friends and families when you return, and these are the experiences that make your exchange worthwhile and priceless."

IAN WONG  
Exchange student to University of Exeter

"I've learnt so much about the culture in Europe and of course, myself. This experience opened my mind to the endless possibilities out there waiting for me to explore. My word of advice to students considering an exchange would be to grab the opportunity at hand and go for it!"

ESTHER YONG  
Exchange student to Bocconi University
Application

Intercampus Exchange

If you are a Monash Malaysia student who would like to study at Monash Australia for a semester, you may participate in the intercampus exchange and remain enrolled at Monash Malaysia. You will receive credit for your overseas study towards your Monash degree and your units will appear on your academic transcript.

Entry Requirements

To be eligible to participate in intercampus exchange, you must have, at the time of your application:

• completed at least 18 credit points of your course at Monash;
• achieved a minimum Weighted Average Mark (WAM) of 60% (except for some Engineering disciplines which require a minimum WAM of 70%). Please check with your schools for any additional requirements that apply;
• your overseas study plan approved by your school (or schools for double degree students) so that you receive credit towards your degree;
• selected units that will ensure you are doing a full time load of on-campus units (18 or 24 credit points);
• only one active semester-length overseas study application (i.e. exchange, intercampus exchange, or campus transfer) with Monash for the same study period.

Apply Online Now

Visit monash.edu/study-abroad/intercampus-exchange/apply and follow the steps below.

Step 1: Select units to study
Step 2: Prepare your study plan (download the study plan form from our website)
Step 3: Get your study plan approved by your school
Step 4: Prepare your financial plan
Step 5: Lodge an application for the intercampus exchange online
Step 6: Submit your application

International English Language Testing System (IELTS)

Depending on your country of origin, if you are applying for an intercampus exchange to Australia, you may be required to provide your IELTS results. You should check with the Australian Immigration Department and book in for an IELTS test as early as possible, as they do not run on a regular basis.

International Exchange

If the institution you have selected has an exchange agreement in place with us, then you are able to go on international exchange for one or two semesters. We have reciprocal student exchange agreements with more than 100 universities worldwide across Europe, America, Asia and New Zealand.

For a complete list of our partners, visit http://www.monash.edu.my/partner-universities

Entry Requirements

To be eligible to participate in a semester abroad program you must meet the following criteria presented in the table below. Please note: for Engineering students, the minimum requirements are slightly different - please see below for more information.

Satisfy any host institution / campus requirements  ✓ ✓

*At the time of application refers to the Part A deadlines (April 15th / October 15th) (see Application Deadlines below). MAP means Monash Abroad Portal.

** Please refer to our website (monash.edu.my/how-to-apply) for full details on the eligibility requirements.

• Bachelor of Engineering students minimum eligibility:
  > You must have 48 credits in engineering completed at time of application in MAP, and
  > Allocated a specialisation by the end of semester in which you register.

• Transfer students from a non-Monash university: please refer to our website for the applicable minimum eligibility.

• Certain partner universities require a higher WAM due to the competitive nature of the program. Be sure to check for any additional requirements that each university may require before you apply.

• You can have only one active semester-length overseas study application (exchange or intercampus exchange) with Monash for the same study period.
Creating Your Study Plan

Your study plan is the list of partner/host units you plan to study while on exchange, and forms part of your application. When creating your study plan, you should consider the following:

- Check that the units you want to study:
  > satisfy your Monash degree;
  > are at the level you are studying (undergraduate or postgraduate);
  > are taught in English;
  > are offered during the semester you are on exchange.

- Ensure you understand the full-time study load at your chosen partner university and the credit points each partner university unit is worth, as you must study the equivalent of 18 – 24 Monash credit points per semester whilst overseas for a full-time load.

- Certain partner university units have restrictions, limitations or pre-requisites, please ensure you meet these before selecting the units.

- Choose twice as many units as you would actually need to study. This is to be prepared for unforeseen circumstances such as non-approval, cancellation of classes/units and timetable clashes.

- You are encouraged to take elective units while on exchange for more flexibility in the approval of units. If you want to study core units, you will need to select units with similar content to the Monash core units. Some Schools require the content to be up to 80% similar.

- Useful resources:
  > To access the host university unit catalogue and/or list of units available in English, check the ‘Unit catalogue’ tabs in each partner brochure: monash.edu.my/partner-universities
  > For specific partner requirements, eligible faculty/school, anticipated places (per semester), check via the ‘Find out more’ buttons in each partner brochures: same link as above.
  > Pre-approved units: monash.edu.my/preapproved-units

Other Factors

- If you are enrolled in Bachelor of Medicine, Bachelor of Pharmacy or Bachelor of Psychological Science and Business, you are currently unable to go on international exchange. You can however apply for an intercampus exchange to Australia.

- Some schools may not permit you to undertake overseas study in the final semester of your course. Therefore, please check with your course management office before completing your application.

Diploma of Higher Education Studies results would not be taken into account in our assessment on whether the requirement of minimum WAM of 60% has been fulfilled.

Nomination And Selection

Nomination

Due to the popularity of the exchange program amongst Monash students, nominations to certain partner universities, especially universities in English-speaking countries may be competitive. This means that not all applicants will be nominated to their first preference. Monash Abroad takes into consideration both your grades and your statement of purpose when assessing your application.

If you are nominated to your first university preference, you will receive an email from Monash Abroad approximately six to eight weeks after the application deadline.

If you are not nominated for your first preference, we will try our best to consider you for your second preference. We may also suggest alternative partner universities which can still be an exchange option if both your preferences are no longer feasible to you. If this is the case, you will be required to prepare a new study plan and have it approved by your School/CMO.
Host University Selection

Upon being nominated to a partner university, you will receive instructions for completing the application to your host university in a nomination email sent by Monash Abroad. Be sure to pay very close attention to the application deadline as missing the deadline will likely result in losing your spot at the partner university.

You are not fully approved to go on exchange until you have received an offer of admission from the partner university. It may take one to three months after your submission of application for the offer from the university.

Most host offer letters are sent directly to Monash Abroad. If you receive it directly, please inform the Monash Abroad office.

After Acceptance

Once you have been accepted into your host university, you can then proceed with making all necessary travel arrangements (e.g. visa applications, application for accommodation, purchase of flight tickets and travel insurance), and start preparing for your exciting semester abroad. There will be a pre-departure briefing that is compulsory for all outgoing exchange students.

Semester In Prato

You may apply online for the Semester in Prato program once the applications opens in January. In the meantime, submit your expression of interest for the 2019 program.

future.arts.monash.edu/learning-abroad/semester-in-prato/

Faculty Overseas Programs

Monash University also offers short term Faculty Overseas Programs, for example:

- study tours and field trips
- overseas placements and industry projects
- summer and winter school abroad

For more information, please contact the relevant managing faculties or schools.

study.abroad.monash.edu

Financial Information

Students who receive an offer of admission to go on exchange may be eligible for the Monash Abroad travel grant. Please check with the Monash Abroad office on the travel grants available.
